Vineyard & Viticulture Practice

Produced with fruits primarily from Schimberg, a named locality in the Guebwiller valley. The site is planted on volcanic subsoil and benefits from a full south exposure, supporting ripeness, aromatic generosity and the rounded texture associated with Alsace Pinot Gris. This vineyard origin gives the wine a clear regional identity while retaining the accessible, table-friendly profile of the Les Princes Abbés range.

Vinification

The grapes underwent slow pneumatic pressing followed by static racking. Fermentation took place in thermo-regulated tuns over one to four months, giving the wine time to develop a clean and balanced aromatic profile. It was matured on lees for six to eight months, contributing texture, volume and a rounded mouthfeel.

Tasting Notes

A generous aromatic profile of white fruits opens the nose. The palate is elegant and balanced, combining cooked pear and honeyed notes in a rounded but not overtly sweet texture. Medium-bodied and finely judged, the wine carries a dense finish with impressions of toasted cereals and caramel, giving this Alsace Pinot Gris both immediate appeal and strong food-pairing flexibility.

Food Pairing

Well suited to poultry, feathered game, terrines, charcuterie and slow-cooked stews. It also works well with soft washed-rind cheeses, where its rounded texture and balanced freshness support richer flavours.
