Vineyard & Viticulture Practice

Barr-Eden Dreams of Gold Shiraz 2024 comes from vines planted in 1997 and 2013. The grapes were hand-picked early in the morning on 9 April, preserving freshness and aromatic detail. As part of Barr-Eden's high-altitude vineyard setting, the wine reflects the estate's focus on elegant, lifted Shiraz with balance and length. The combination of vine age, careful picking and altitude supports bright red-fruit character, freshness and a refined Eden Valley profile.

Vinification

The wine fermented in a four-tonne container and remained on skins for 20 days before being pressed in a small basket press. A portion of the press wine was blended back with the free-run wine to add extra complexity and structure. The wine was aged in three and four-year-old French oak puncheons and hogsheads, contributing texture and subtle oak integration without dominating the fruit.

Tasting Notes

The wine shows vibrant red-fruit character, mint and eucalyptus aromas. These lifted notes carry through to the palate, complementing the ripe and supple tannins. Full-bodied and refined, it captures the seductive, perfumed side of Eden Valley Shiraz.

Food Pairing

Pair with grilled lamb cutlets, roast chicken, moussaka and lentil dishes.
